HOME OF THE HOP SAUSAGE!!!

What is a Hop Sausage?

Hop Sausages are hand ground, cased, parboiled and grilled Sausages made in house incorporating Hop Leaves! Each sausage recipe we create always the use of whole hops as part of the ingredient bill! This gives us the opportunity to offer you a Brewmaster inspired 'Hop Sausage Plate' that typically is crafted to pair with our Weekly Friday Happy Hour Cask. A great value as the plate always comes with creative sides and homemade sauces. No one is making Hop Sausages so if you're a fan of beer and sausage, look no further!

WELCOME!!!

We know it's all a bit overwhelming to be faced with hundreds of beers and dozens of food options, but keep coming back and you'll get the hang of it. Ask an employee or a Hamilton's regular, they're always glad to guide you through the food and beer list, point you in the right direction and tell you their favorites.

We are a SMALL cafe with a BIG heart so be sure to enjoy a couple beers until your crazy buzzer thing starts carrying on.

OH YEAH ONE MORE THING...

**Pretty much everything we make here has beer in the recipe.
Even the paint on the walls has beer in it.**

It's perfectly acceptable to cheers with food.

Enjoy!
